Hi Theresa

I trust that you have seen my email to Diane this morning? Just to confirm because the WAGA post is not especially clear, no further breaches of planning condition have been corroborated by CDC. The only additional alleged breach of planning is the fact that the current basin hasn't got planning approval but despite this technicality it should ideally stay in situ until it can be enlarged in accordance with the approved plans.

Kind regards

Sean Tilbury

Hi Sean, please could you get back to me about the below.

I am very concerned that the Parish Council is in the dark about all this. From the information which has been published by West Adderbury Residents Association it appears they know more about this matter than the Parish Council does, even though the PC is the land owner and is the one allegedly in breach of planning conditions. I am also very concerned about how all this has been handled.

I look forward to hearing from you shortly and perhaps you can allay my concerns - I hope it has all been some sort of misunderstanding.

Thanks, Theresa

Thanks,
Theresa Goss

Hi Sean, hope you are ok.

I have just been alerted to the West Adderbury Residents Association web site, which is referring to breaches of planning control on the Milton Road project and you are quoted in the article. It is the first I have heard about it, so I just wondered if you had any idea what was going on?

<http://westadderbury.org/>

Look forward to hearing from you.

Thanks, Theresa
